

Lets Protect our Community

After canvassing Catalina, Davista and the entire Mar Vista area, speaking to hundreds of residents. I have agreed with the majority.

The drilling of oil will indeed upset an entire community. This project in addition to becoming an overwhelming eye soar for our community, it will create unhealthy living conditions for our community. 18 wheel trucks leaking oil where our children play on cul-de-sacs. Carcinogenic materials in our air and possibility in our water. Oil Pipelines being built along a fault lines and a traffic nightmare for everyone that lives in the Mar Vista region.

I feel shame that 36 years of being on council is portraying this project as a way for us to get rich quick. But what they fail to announce is the millions of dollars that that our residents will lose in property value. The possible heath factors that can possibly take time off residents lives and the children who had their childhood taken away by oil tycoons and a selfish council because 18 wheel trucks drive down their street in high frequency and oil wells have replaced the hiking paths where they use to play with mom and dad.

This is not a win/win for Whittier. This is Oil tycoon wins/ Mar Vista resident loses. This is another oil company dictating to another city because democracy was sold to the highest bidder.

I am not asking Whittier to believe me, I am asking you to go look out the windows of the residents directly affected and ask yourself is this fair.

Is it fair that residents bought these properties because they were promised they would be able to see trees as far as the eye can see, now they will be forced to see oil wells as far as the eye can see

This is why I am asking Whittier to stand up and protect your neighbor, because being your brother's keeper is what inspires and fosters a sense of community.

We have already lost one life and this was one life too many. So Whittier lets vote for change and our community. On April 13 vote for democracy and not an oil tycoon. Vote Fred Hawthorne for Whittier City Council.

Feb. 22, 2010 @ 7pm

Unity Basketball League

The Free Adult Basketball League was created to bring the Whittier community together. It is a great opportunity to fellowship and have the older players mentor the young adults. The league will also be used to promote Health & Wellness in our community.

(feel free to contact me if you would like to get involved)
